- **SELF-CLOSING DOORS**  
Every Turbo Air display refrigerator features our exclusive magic close door design with a stay open feature.
- **COMPLETE INTERIOR LIGHTING**  
Strategically placed, safely shielded fluorescent light ensures that all of your products will be adequately illuminated for maximum display effect.
- **ENGINEERED FOR ENERGY SAVINGS**  
Turbo Air refrigerators keep your products cold without costing you a fortune in electricity. Our compressors are highly efficient and quiet. Refrigerator walls are insulated with a high-density, closed cell, expanded polyurethane foam which offers a high insulation factor. Even doors have a special film between the layers of glass to keep the cold in and the heat out. All of these features add up to a quicker pull-down time, less compressor run time and greater savings on energy!
- **REFRIGERATED GLASS DOOR MERCHANDISER**  
Turbo Air's freshly refined design maximizes the display effect.
- \* A certificated member of NMSDC
- \* **CEC. California Energy Commission Certificated**
- \* **MEA. City of New York Building Department Approved**
- **FULLY ADJUSTABLE WIRE SHELVES**  
Our fully adjustable wire shelves are made from heavy gauge metal wire, specially treated and layered with a non-corrosive coating.
- **SIMPLE MAINTENANCE**  
All refrigeration systems are on slide out rails to make maintenance and service easier. Our internal systems are positioned for easy access and repair.
- **STANDARD BACKGUARD IMPROVES AIRFLOW**
- **OPTION**  
- Casters (2" plate mount caster set only) are available.  
- Customized graphics & colors available in quantity  
- Gravity feed merchandising racks
- **HOLDS 33°F ~ 38°F**
- **FOAMED WITH POLYURETHANE, HIGH-DENSITY CELL INSULATION (CFC FREE)**
